Career Highlights: Mrs. Wood is the owner of and EVM Subject Matter Expert at Earned Value Associates, LLC (established in May 2005) specializing in all aspects of EVM. She has over 36 years EVM experience in government and industry. Susan is currently working as an EVM subject matter expert and consultant for DOE and NRO. At DOE, she has supported multiple EVM Reviews as Deputy Team Chief and Area Lead for Organization, Analysis and Management Reporting and Revisions as well as provided System Description (SD) and EVM Guidance comments over the last 8 years. Susan has also served as Team Chief, Deputy Team Chief and Area Lead for multiple Reviews for the Department of Defense (DOD) and the Intelligence Community (IC) and is currently providing SD Comments for NRO. She also provided EVM gap analysis and guidance for multiple contractors during this time. Susan participated as a Board Member for the College of Performance Management (CPM) for 14 years where she served as President, Executive VP and VP for Conferences and Events. In these positions, she delivered keynote addresses and key portions of EVM professional training in the United States, Japan, Australia, Panama and Switzerland. Susan retired in 2004 as the EVM Focal Point for the Air Armament Center (AAC) at Eglin Air Force Base, Florida, responsible for EVM policy, guidance and implementation support across all AAC programs. As a member of the Air Force (AF) Earned Value (EV) Integrated Product Team, Susan contributed to AF EV policy and implementation guidance. She has led and served on contractor and government EVM System Review teams and has developed and provided EVM training to government and contractor personnel for the past 36 years. Susan has over 36 year's government and contractor acquisition experience.

Professional Certifications: Certified Acquisition Professional – Level III, Financial Management and Comptroller, 1992, AF Certified EVM Demonstration Review Team Chief, 1994.

Education: BS in Accounting from Troy State University. Extensive professional education.
